Dear Kathy,

Enclosed is a poor copy of the site report prepared by PlanWest for the City. This is a preliminary document and contains information that has not been reviewed by the City. In addition, the report identifies private properties where contact has not been made with the owners. Please treat this document with appropriate concern.

The City is in the process of developing a plan along the lines of the project outlined in the report. We will be seeking funding from various source to allow us to proceed. The work crew that you have access to is a possible resource for a portion of the project.

The City Council has not had the opportunity to review the report or the idea of having T.E.C. workers fabricating hardware for the project. The Council will review this for the first time at their meeting on August 9.

Please feel free to contact me regarding any part of this proposal.

Sincerely,

Joe Garlitz
